mohammedsahad620@gmail.com | Discord: zerooohhh | Kerala, India

SUMMARY

Crypto community builder and Discord moderator with hands-on experience founding and managing trading communities, developing custom Discord bots, and earning recognition as a Legacy member in a 17,000+ member crypto server. Actively trades BTC, LTC, and altcoins. Passionate about building engaged, professional online communities.

EXPERIENCE

Founder & Community Moderator — Dice Server

2025 – Present

Discord · Crypto Exchange Community (INR/Crypto)

- Founded and manage a crypto-focused Discord server for INR-to-crypto and crypto-to-INR exchange
- Onboarded and supported 100+ members, helping newcomers understand trading and exchanges
- Built and deployed a custom Discord bot with automated exchange functions and a ticket system
- Organized community giveaways and events to drive engagement and member retention
- Managed channels, roles, permissions, and moderation tools including MEE6, Carl-bot, and Dyno

Legacy Member — Cwallet Official Discord

Ongoing

17,000+ Member Community · One of only 5 Legacy holders

- Earned Legacy role through consistent participation, helping members, and contributing to community events
 - Provided peer support on crypto wallet usage, transactions, and platform features
 - Actively participated in AMAs, community events, and discussions
-
